Snow falls, pure white, twinkling starlights
Candles are burning, people are yearning
For the time of love with family and friends
For the time of the year, Christmastime

Christmas trees and mistletoes, gift and presents, covering gloves
Children singing Christmas songs, being there where we belong
It's the time to share happiness and hope
It's the time of the year, it's Christmastime

Bridge: But still there is the cry of hungry children
Still there is the sound of guns and war
Still there is the noise of hurt people
Still there is a time to end this all

Chorus: Let us all reach out our hands this Christmastime
And don't look at the differences we see
Let love be the intention and peace be our direction
Give each single one on earth we see
A little bit more of what we have indeed

Remember that a child is born, in a little manger, all forlorn
He grew up and showed the way to love and taught us how to pray
For the other ones, who needs a helping hand
It's a time to pray this Christmastime

Bridge: 'Cause still there is the cry of hungry children
Still there is the sound of guns and war
Still there is the noise of hurt people
Still there is a time to end this all

Chorus: Let us all reach out our hands this Christmastime
And don't look at the differences we see
Let love be the intention and peace be our direction
Give each single one on earth we see
A little bit more of what we have indeed

Chorus: Let us all reach out our hands this Christmastime
And don't look at the differences we see
Let love be the intention and peace be our direction
Give each single one on earth we see
A little bit more of what we have indeed
